Legislature. House of Representatives,1910 Soldiers of the Pátria Frank D. McCann,2004 This book provides an authoritative history of the Brazilian army from the army s overthrow of the monarchy in 1889 to its support of the coup that established Brazil s first civilian dictatorship in 1937 The period between these two events laid the political foundations of modern Brazil a period in which the army served as the core institution of an expanding and modernizing Brazilian state The book is based on detailed research in Brazilian British American and French archives and on numerous interviews with surviving military and civilian leaders It also makes extensive use of hitherto unused internal army documents as well as of private correspondence and diaries It is thus able to shed new light on the army s personnel and ethos on its ties with civilian elites on the consequences of military professionalization and on how the army reinvented itself after the collapse of its command structure in the crisis of 1930 a reinvention that allowed the army to become the backbone of the post 1937 dictatorship of Getulio Vargas Det Kongelige Danske videnskabernes selskabs skrifter ,1911 Bureau publication (United States.
