In writing this book three questions chiefly interested me What books and pamphlets did Richard Porson own From whom did he acquire these materials What has become of his holdings Answering the first question was relatively easy For over two hundred years students have known that after his death Porson's library was divided into two unequal parts The larger portion was sent to auction the smaller part together with Porson's papers was separately sold to Trinity College Cambridge To treat the problem I have examined all of the microfilm set of the Sotheby auction catalogues from 1783 to 1808 save when catalogues were not marked or the markings were too faint to decipher notably Jan 1 1785 May 29 1786 Jan 22 and May 1 1797 June 1788 Jan 13 1789 May 26 1791 June 22 1795 Jan 1796 1800 Nov 14 1803 through Dec 3 1804 twenty three catalogues April 18 and May 29 1805 April 14 30 May 19 June 5 July 2 10 15 1806 or when the microfilm is imperfect Likewise I have seen in London most of Christies book catalogues from 1782 to 1808 and in Los Angeles much of the Frank Marcham collection at UCLA coll 416 boxes 10 34 Finally I have seen almost all of Porson's books at Trinity and a few other places From 1786 to 1808 Porson purchased hundreds of books and pamphlets The records allow us to trace his purchases at forty seven auctions Of these Leigh perhaps books entrusted to him for review and books for which he subscribed Addressing the second question is complicated by three factors First there is the imperfection of the records The archives of most houses do not survive even the L S house files are on occasion imperfect or incompletely legible Secondly clerks wrote down what they heard Often enough they heard Pawson or Pauson and it was needful to establish identity Thirdly there are difficulties in the way of determining specific editions these range from the existence of multiple editions or impressions to incompleteness
