Walsh,2012-12-01 Lorena Walsh offers an enlightening history of plantation management in the Chesapeake colonies of Virginia and Maryland ranging from the founding of Jamestown to the close of the Seven Years War and the end of the Golden Age of colonial Chesapeake agriculture Walsh focuses on the operation of more than thirty individual plantations and on the decisions that large planters made about how they would run their farms She argues that in the mid seventeenth century Chesapeake planter elites deliberately chose to embrace slavery Prior to 1763 the primary reason for large planters debt was their purchase of capital assets especially slaves early in their careers In the later stages of their careers chronic indebtedness was rare Walsh s narrative incorporates stories about the planters themselves including family dynamics and relationships with enslaved workers Accounts of personal and family fortunes among the privileged minority and the less well documented accounts of the suffering resistance and occasional minor victories of the enslaved workers add a personal dimension to more concrete measures of planter success or failure *County and City Data Book* United States.
