Balance of Payment Statistics Yearbook 2018 International Monetary Fund. Statistics Dept., 2018-11-26 This paper analyzes In the World and Regional Tables missing data are estimated for countries by IMF staff to the extent possible The estimation procedure is based largely on the use of the World Economic Outlook WEO database in BPM6 format The BPM6 based WEO provides expanded data coverage for some series and facilitates an improved basis for estimation procedures used in BOPSY However data published in BOPSY may differ from balance of payments data published in the WEO mainly due to timing and estimation methodology differences The following outlines the methodology used to gap fill balance of payments data where country data are missing For goods and services transactions where data gaps exist in years prior to estimates are made by applying the growth rates derived from the WEO for the missing year s to the latest reported annual data debits and credits In cases where there are gaps for the entire period WEO data are inserted directly Balance of Payment Statistics Yearbook 2017 International Monetary Fund. Statistics Dept., 2017-12-28 This paper analyses that the IMF has published data on a basis that is consistent across countries and across time periods Such data consistency is required to

perform cross country data comparisons track growth rates across time and produce regional or global data aggregates The methodologies compiling practices and data sources available through data imf org and DVD ROM are based on information provided to the IMF by reporting countries The descriptions are intended to enhance user understanding of the coverage as well as the limitations of individual country data The estimation procedure is based largely on the use of the WEO database in BPM6 format For a variety of reasons however countries may not correctly record some transactions or they classify corresponding transactions differently Under these circumstances errors and omissions in the national data and asymmetries discrepancies in the global statistics arise
