Annual Statistical Report, 1963 *Tables of Racah Coefficients* A. F. Nikiforov, V. B. Uvarov, Yu. L. Levitan, 2014-05-23
Tables of Racah Coefficients presents a compilation of tables of Racah coefficients Racah coefficients appear and are widely used in a number of problems in quantum mechanics in the theory of spectra of complex atoms and nuclei in the theory of angular distributions of nuclear reactions in the theory of angular correlations of decay particles and many other problems where the sums of products of three or more Clebsch Gordan coefficients occur In compiling tables of Racah coefficients certain conditions can be imposed on the indices which follow from the symmetry relations Only those coefficients are given which satisfy these conditions The present tables consist of three parts The first part gives Racah coefficients in which the first four indices are half integers and the other two integers The second gives Racah coefficients with integer indices The third gives Racah coefficients in which the three indices a c e are half integers and the other three are integers

Population and Development Alok Ranjan, 1999 This monograph analyses the experiences concerns relating to population development in India through an empirical perspective The papers included in the Monograph attempt to establish linkages between population growth trends patterns with social economic development processes in the country Being a pioneer in recognising the importance of population factors in development process the Indian experience may be helpful in understanding population development relationship in a better way Most of the papers included in the Monograph are based on empirical data demonstrate the use of analytical techniques methods for the analysis of empirical observations making interpretations They can serve as useful reading material for any population development training The Monograph may also be useful to development planners development policy makers who are interested in integrating population factors in development planning process **Report of the Chief of Engineers U.S. Army** United States.
