Public Opinion and Politics in the Late Roman Republic Cristina Rosillo-López, 2017-06 This book investigates the working mechanisms of public opinion in Late Republican Rome as a part of informal politics It explores the political interaction and sometimes opposition between the elite and the people through various means such as rumours gossip political literature popular verses and graffiti It also proposes the existence of a public sphere in Late Republican Rome and analyses public opinion in that time as a system of control By applying the spatial turn to politics it becomes possible to study sociability and informal meetings where public opinion circulated What emerges is a wider concept of the political participation of the people not just restricted to voting or participating in the assemblies
