LIBCF - The NetCDF CF Library

The NetCDF CF Library supports the creation of scientific data files conforming to the CF conventions, using the netCDF API. The netCDF Java library offers many advanced capabilities in this area, but CF format users have been left to do things themselves. The NetCDF CF Library will bring a convenient CF Metadata API to C and Fortran users. This library is still in the early phases of development.

Getting Started with the NetCDF CF Library

This library is under development. There has not been a beta release yet. However, if you wish to try out what is currently working, the [freely available alpha release source](#) can be obtained as a [gzipped tar file](#), a [compressed tar file](#), or a [bz2 tar file](#).
