venereal diseases in Germany s colonies doctors took a biopolitical approach that employed medical and bourgeois  
discourses of modernization health productivity and morality Their goal was to change the behavior of targeted groups or at  
least to isolate infected individuals from the healthy population However the Africans Pacific Islanders and Asians they  
administered to were not passive recipients of these strategies Rather their behavior strongly influenced the efficacy and  
nature of these public health measures While an apparent degree of compliance was achieved over time physicians  
increasingly relied on disciplinary measures beyond what was possible in Germany in order to enforce their policies  
Ultimately through their discourses and actions they contributed to the justification for and the maintenance of German
