Ectogenesis Scott Gelfand,John R.

Shook,2006 This book raises many moral legal social and political questions related to possible development in the near

future of an artificial womb for human use Is ectogenesis ever morally permissible If so under what circumstances Will

ectogenesis enhance or diminish women s reproductive rights and or their economic opportunities These are some of the

difficult and crucial questions this anthology addresses and attempts to answer *Feminism and the Politics of 'Resilience'*

Angela McRobbie,2020-06-08 In this short and provocative book cultural studies scholar Angela McRobbie develops a much

needed feminist account of neoliberalism Highlighting the ways in which popular culture and the media actively produce and

sustain the cultural imaginary for social polarization she shows how there is substantial pressure on women not just to be

employed but to prioritize working life She fiercely challenges the media gatekeepers who shape contemporary womanhood

by means of exposure and public shaming and pays particular attention to the endemic nature of anti welfarism as it is

addressed to women thereby reducing the scope for feminist solidarity In this theoretically rich and deep analysis of current

cultural processes McRobbie introduces a series of concepts including visual media governmentality and the urging of

women into work as contraceptive employment Foregrounding a triage of ideas as the perfect imperfect resilience McRobbie

conveys some of the key means by which consumer capitalism attempts to manage the threats posed by the new feminisms

She proposes that resilience emerges as a compromise as hard edged neoliberalism proffers the option of a return to liberal feminism A lively and devastating critique Feminism and Neoliberalism offers a much needed wake up call It is essential reading for students and scholars of cultural studies media sociology and women s and gender studies **Tide Tables, High and Low Water Predictions, East Coast of North and South America, Including Greenland** ,1980 **Thailand, Toward a Development Strategy of Full Participation** ,1980 **In the Culture Society** Angela McRobbie,Angela McRobbie,2013-09-13 How do different artistic and cultural practices develop in the contemporary consumer culture Providing a new direction in cultural studies as well as a vigorous defence of the field Angela McRobbie s new collection of essays considers the social consequences of cultural proliferation and the social basis of aesthetic innovation In the wake of postmodernism McRobbie offers a more grounded and even localised account of key cultural practices from the new populism of young British artists including Damien Hirst and Tracy Emin to the underground London sounds of drum n bass discussing music by artists such as Tricky Talvin Singh and Goldie from the new sexualities in girls and women s magazines like More and Sugar to the dynamics of fashion production and consumption Throughout the essays the author returns to issues of livelihoods and earning a living in the cultural economy while at the same time pressing the issue of cultural value

British Fashion Design Angela McRobbie,2003-09-02 British Fashion Design explores the tensions between fashion as art form and the demands of a ruthlessly commercial industry Based on interviews and research conducted over a number of years Angela McRobbie charts the flow of art school fashion graduates into the industry their attempts to reconcile training with practice and their precarious position between the twin supports of the education system and the commercial sector Stressing the social context of cultural production McRobbie focuses on British fashion and its graduate designers as products of youth street culture and analyses how designers from diverse backgrounds have created a labour market for themselves remodelling enterprise culture to suit their own careers
