and Paris in the last quarter of the nineteenth century and then taught in the art schools of New York and Philadelphia Part Two profiles the artists from this area and period who have appeared in previous art historical literature and have an identifiable body of work represented in public and private collections Individual biographies provide details of the artists lives sources for further study and locations of works in public collections *Official Year Book of the Commonwealth of Australia, No. 11 - 1918* , **The Oxford Handbook of Early American Literature** Kevin J. United States. Congress. Senate. Committee on Appropriations. Subcommittee on Department of Defense,1981 **Raphael Soyfer and the Search for Modern Jewish Art** Samantha Baskind,2015-12-01 Artist Raphael Soyfer 1899 1987 whose Russian Jewish family settled in Manhattan in 1912 was devoted to painting people in their everyday urban lives He came to be known especially for his representations of city workers and the down and out and for his portraits of himself and his friends Although Soyfer never identified himself as a Jewish artist Samantha Baskind in the first full length critical study of the artist argues that his work was greatly influenced by his ethnicity and by the Jewish American immigrant experience Baskind examines the painter s art and life in the rich context of religious cultural political and social conditions in the twentieth century United States By promoting an understanding of Soyfer as a Jewish American artist she addresses larger questions about the definition and study of modern Jewish art Whereas previous scholars have defined Jewish art simply as art produced by people who were born Jewish Baskind stresses the importance of an artist s cultural identity when defining ethnic art As Baskind explains how Soyfer negotiated his Jewish identity in changing ways over his lifetime she offers new strategies for identifying and interpreting Jewish art in general Her analysis of Soyfer s work places the artist in a necessary context and provides a valuable new approach to the study of modern Jewish art
