for over two centuries But without shock treatment warns historian Victor Davis Hanson American citizenship as we have known it may soon vanish In *The Dying Citizen* Hanson outlines the historical forces that led to this crisis The evisceration of the middle class over the last fifty years has made many Americans dependent on the federal government Open borders have undermined the idea of allegiance to a particular place Identity politics have eradicated our collective civic sense of self And a top heavy administrative state has endangered personal liberty along with formal efforts to weaken the Constitution As in the revolutionary years of 1848 1917 and 1968 2020 ripped away our complacency about the future But in the aftermath we as Americans can rebuild and recover what we have lost The choice is ours *The Plus* Greg Gutfeld, 2020-07-28 NEW YORK TIMES BESTSELLER Greg Gutfeld wants to be your new guru and he hates himself for it Before Greg Gutfeld was a Fox News star and a New York Times bestselling author he was a self help writer for health magazines who had no idea what he was talking about But now after years of experience he finally feels qualified to guide people on the journey of life call this book punishment for his sins and a huge reward for you In *The Plus* Greg teaches you how to brainwash yourself into better behavior retaining the pluses in your life and eliminating the minuses His approach to self help is simple and perfect for cynics it s not about positive thinking in the short term it s about positive being in the long term With tough love and more than a little political incorrectness he delivers sage wisdom such as If you aren t getting happier as you re getting older you re doing it wrong Resist the media s command to expand destructive narratives If you re in the same place you were three years ago wake up Don t tweet when drinking Modern life grows emptier and emptier as society becomes increasingly polarized and even those who don t subscribe to New Age beliefs are seeking comfort and meaning In *The Plus* Greg shows how skeptics too can advance themselves for the betterment of their lives and the healing of their communities *The President and the Freedom Fighter* Brian Kilmeade, 2022-10-25 NEW YORK TIMES BESTSELLER The New York Times bestselling author of *George Washington s Secret Six* and *Thomas Jefferson and the Tripoli Pirates* turns to two other heroes of the nation Abraham Lincoln and Frederick Douglass In *The President and the Freedom Fighter* Brian Kilmeade tells the little known story of how two American heroes moved from strong disagreement to friendship and in the process changed the entire course of history Abraham Lincoln was White born impoverished on a frontier farm Frederick Douglass was Black a child of slavery who had risked his life escaping to freedom in the North Neither man had a formal education and neither had had an easy path to influence No one would have expected them to become friends or to transform the country But Lincoln and Douglass believed in their nation s greatness They were determined to make the grand democratic experiment live up to its ideals Lincoln s problem he knew it was time for slavery to go but how fast could the country change without being torn apart And would it be possible to get rid of slavery while keeping America s Constitution intact Douglass said no that the Constitution was irredeemably corrupted by slavery and he wanted Lincoln to move quickly Sharing little more than the conviction that slavery was wrong the two men s paths eventually converged Over the course of the Civil War they d endure

bloodthirsty mobs feverish conspiracies devastating losses on the battlefield and a growing firestorm of unrest that would culminate on the fields of Gettysburg As he did in George Washington s Secret Six Kilmeade has transformed this nearly forgotten slice of history into a dramatic story that will keep you turning the pages to find out how these two heroes through their principles and patience not only changed each other but made America truly free for all **Woke, Inc.** Vivek Ramaswamy,2021-08-17 In this New York Times bestseller a young and successful entrepreneur makes the case that politics has no place in business and sets out a new vision for the future of American capitalism There s a new invisible force at work in our economic and cultural lives It affects every advertisement we see and every product we buy from our morning coffee to a new pair of shoes Stakeholder capitalism makes rosy promises of a better more diverse environmentally friendly world but in reality this ideology championed by America s business and political leaders robs us of our money our voice and our identity Vivek Ramaswamy is a traitor to his class He s founded multibillion dollar enterprises led a biotech company as CEO he became a hedge fund partner in his 20s trained as a scientist at Harvard and a lawyer at Yale and grew up the child of immigrants in a small town in Ohio Now he takes us behind the scenes into corporate boardrooms and five star conferences into Ivy League classrooms and secretive nonprofits to reveal the defining scam of our century The modern woke industrial complex divides us as a people By mixing morality with consumerism America s elites prey on our innermost insecurities about who we really are They sell us cheap social causes and skin deep identities to satisfy our hunger for a cause and our search for meaning at a moment when we as Americans lack both This book not only rips back the curtain on the new corporatist agenda it offers a better way forward America s elites may want to sort us into demographic boxes but we don t have to stay there Woke Inc begins as a critique of stakeholder capitalism and ends with an exploration of what it means to be an American today a journey that begins with cynicism and ends with hope **The Tyranny of Big Tech** Josh Hawley,2021-05-04 The reign of Big Tech is here and Americans First Amendment rights hang by a keystroke Amassing unimaginable amounts of personal data giants like Google Facebook Amazon and Apple once symbols of American ingenuity and freedom have become a techno oligarchy with overwhelming economic and political power Decades of unchecked data collection have given Big Tech more targeted control over Americans daily lives than any company or government in the world In The Tyranny of Big Tech Senator Josh Hawley of Missouri argues that these mega corporations controlled by the robber barons of the modern era are the gravest threat to American liberty in decades To reverse course Hawley argues we must correct progressives mistakes of the past That means recovering the link between liberty and democratic participation building an economy that makes the working class strong independent and beholden to no one and curbing the influence of corporate and political elites Big Tech and its allies do not deal gently with those who cross them and Senator Hawley proudly bears his own battle scars But hubris is dangerous The time is ripe to overcome the tyranny of Big Tech by reshaping the business and legal landscape of the digital world
