Interstate Commerce Commission, United States. Interstate Commerce Commission. Bureau of Transport Economics and Statistics, 1916 **Motor Vehicle Fuel (gasoline) Distributions (aviation Gasoline Excluded)**, 1987 Time Series Analysis and Its Applications Robert H. Shumway, David S. Stoffer, 2013-03-14 The goals of this book are to develop an appreciation for the richness and versatility of modern time series analysis as a tool for analyzing data and still maintain a commitment to theoretical integrity as exemplified by the seminal works of Brillinger 1981 and Hannan 1970 and the texts by Brockwell and Davis 1991 and Fuller 1995 The advent of more powerful computing especially in the last three years has provided both real data and new software that can take one considerably beyond the fitting of simple time domain models such as have been elegantly described in the landmark work of Box and Jenkins 1970 The present book is designed to be useful as a text for courses in time series on several different levels and as a reference work for practitioners facing the analysis of time correlated data in the physical biological and social sciences We believe the book will be useful as a text at both the undergraduate and graduate levels An undergraduate course can be accessible to students with a background in regression analysis and might include Sections 1.1.1, 8.2.1, 2.9 and 3.1.3.8 Similar courses have been taught at the University of California Berkeley and Davis in the past using the earlier book on applied time series analysis by Shumway 1988 Such a course is taken by undergraduate students in mathematics economics and statistics and attracts graduate students from the agricultural biological and environmental sciences **Preliminary Abstract of Railway Statistics (steam Railways, Railway Express Agency, Inc., and the Pullman Company) ...**, 1916 *Preliminary Abstract of Railway Statistics (steam Railways, Railway Express Agency, Inc., and the Pullman Company) 1910/11-1953* United States.
