The Search for Good Government Filippo Sabetti, 2002 Sabetti argues that poor government performance in contemporary Italy has been an unintended consequence of attempts to craft institutions for good government. He shows that a chief problem in contemporary Italy is not the absence of the rule of law but the presence of rule by law or too many laws.

Gendered Identities Rasim Özgür Dönmez, Fazilet Ahu Özmen, 2013-05-16 This study is an effort to reveal how patriarchy is embedded in different societal and state structures including the economy, juvenile penal justice system, popular culture, economic sphere, ethnic minorities, and social movements in Turkey. All the articles share the common ground that the political and economic sphere, societal values, and culture produce conservatism, regenerate patriarchy, and hegemonic masculinity in both society and the state sphere. This situation imprisons women within their houses and makes non-heterosexuals invisible in the public sphere, thereby preserving the hegemony of men in the public sphere by which this male-dominated mentality or, namely, hegemonic masculinity, excludes all forms of others and tries to preserve hierarchical structures. In this regard, the citizenship and the gender regime bound to each other function as an exclusion mechanism that prevents tolerance and pluralism in society and the political sphere.

Approaches to Greek Myth Lowell Edmunds, 1990 There was no simple agreement on the subject of myth in classical antiquity, and there remains none today. In *Approaches to Greek Myth*, Lowell Edmunds brings together practitioners of eight of the most important contemporary approaches to the subject. Whether exploring myth from a historical, comparative, or theoretical perspective, each lucidly describes a particular approach, applies it to one or more myths, and reflects on what the approach yields that others do not. Contributors are H. S. Versnel on the intersections of myth and ritual; Carlo Brillante on the history of Greek myth and history in Greek myth; Robert Mondi on the Near Eastern contexts; and Joseph Falaky Nagy on the Indo-European structure in Greek myth. William F. Hansen on myth and folklore; Claude Calame on the Greimasian approach; Richard Caldwell on psychoanalytic interpretations; and Christiane Sourvinou Inwood on the iconography of vase paintings of Theseus and Medea, and on a methodology for reading such visual sources. In his introduction, Edmunds confronts Marcel Detienne's recent deconstruction of the notion of Greek mythology and reconstructs a meaning for myth among the ancient Greeks.

Village Politics and the Mafia in Sicily Filippo Sabetti, 2002 Refocusing the study of village politics and the mafia by extending rational choice institutionalism to Italian history and politics, Sabetti shows what can happen when those acting for the state regard ordinary people as passive voices in the game of life.
