Literature* henceforth OHCREL Each volume of OHCREL will have its own editor or team of editors Preface **The Oxford
History of Classical Reception in English Literature** Rita Copeland,2016-01-28 *The Oxford History of Classical
Reception in English Literature* OHCREL is designed to offer a comprehensive investigation of the numerous and diverse
ways in which literary texts of the classical world have stimulated responses and refashioning by English writers Covering
the full range of English literature from the early Middle Ages to the present day OHCREL both synthesizes existing
scholarship and presents cutting edge new research employing an international team of expert contributors for each of the
five volumes OHCREL endeavours to interrogate rather than inertly reiterate conventional assumptions about literary
periods the processes of canon formation and the relations between literary and non literary discourse It conceives of
reception as a complex process of dialogic exchange and rather than offering large cultural generalizations it engages in
close critical analysis of literary texts It explores in detail the ways in which English writers engagement with classical
literature casts as much light on the classical originals as it does on the English writers own cultural context This first
volume and fourth to appear in the series covers the years c 800 1558 and surveys the reception and transformation of
classical literary culture in England from the Anglo Saxon period up to the Henrician era Chapters on the classics in the
medieval curriculum the trivium and quadrivium medieval libraries and medieval mythography provide context for medieval
reception The reception of specific classical authors and traditions is represented in chapters on Virgil Ovid Lucan Statius

role of antiquity in medieval alliterative poetry The medieval section includes coverage of Chaucer Gower and Lydgate while
the part of the volume dedicated to the later period explores early English humanism humanist education and libraries in the
