Immanent Vitalities Kaira M. Cabañas,2021-02-16 A new reality for the art object has emerged in the world of contemporary art it is now experienced less as an autonomous inanimate form and more as an active material agent In this book Kaira M Caba as describes how such a shift in conceptions of art s materiality came to occur exploring key artistic practices in Venezuela Brazil and Western Europe from the mid twentieth century to the present Immanent Vitalities expands the discourse of new materialisms by charting how artists ranging from Gego to Laura Lima distance themselves from dualisms such as mind matter culture nature human nonhuman and even Western non Western in order to impact our understanding of what is animate Tracing migrations of people objects and ideas between South America and Europe Caba as historicizes changing perceptions about art s agency while prompting readers to remain attentive to the ethical dimensions of materiality and of social difference and lived experience *AERO TRADER, AUGUST 2006* Causey Enterprises, LLC, *The Jews of Kurdistan* Erich Brauer,1993 Following World War II members of the sizable Jewish community in what had been Kurdistan now part of Iraq left their homeland and resettled in Palestine where they were quickly assimilated with the dominant Israeli Jewish culture Anthropologist Erich Brauer interviewed a large number of these Kurdish Jews and wrote *The Jews of Kurdistan* prior to his death in 1942 Raphael Patai completed the manuscript left by Brauer translated it into Hebrew and had it published in 1947 This new English language volume completed and edited by Patai makes a unique ethnological monograph available to the wider scholarly community and at the same time serves as a

monument to a scholar whose work has to this day remained largely unknown outside the narrow circle of Hebrew reading anthropologists. *The Jews of Kurdistan* is a unique historical document in that it presents a picture of Kurdish Jewish life and culture prior to World War II. It is the only ethnological study of the Kurdish Jews ever written and provides a comprehensive look at their material culture, life cycles, religious practices, occupations, and relations with the Muslims. In 1950-51, with the mass immigration of Kurdish Jews to Israel, their world as it had been before the war suddenly ceased to exist. This book reflects the life and culture of a Jewish community that has disappeared from the country it had inhabited from antiquity. In his preface, Raphael Patai offers data he considers important for supplementing Brauer's book and comments on the book's values and limitations. Fifty years after Brauer wrote it, Patai has included additional information elicited from Kurdish Jews in Jerusalem, verified quotations, corrected some passages that were inaccurately translated from Hebrew authors, completed the bibliography, and added occasional references to parallel traits found in other Oriental Jewish communities. Congress. Senate, 1949 Symbols of the Sacred Louis K. Dupré, 2000 *Symbols of the Sacred* gathers four classic essays by Louis Dupré on the role of symbols in our understanding of the sacred and on their fundamental importance to religious consciousness. A leading philosopher of religion, Dupré here discusses the nature of religious symbols, the importance of language for capturing symbolic meaning, the ancient link between art and expressions of the sacred, and the vital relationship between religious symbol and myth. The volume concludes with a powerful reflection on the innate capacity of human minds to grasp the transcendent. Elegantly expressed, conversant with a wide range of thinkers, and marked by a lifetime of reflection on the subject, *Symbols of the Sacred* offers profound insights into the religious dimension of human life.
