social death Leonard Cassuto author of *Hard Boiled Sentimentality The Secret History of American Crime Stories* *The History of European Integration* Ivan T. Berend, 2016-05-20 The foundation of the European Union was one of the most important historical events in the second half of the 20th century In order to fully appreciate the modern state of the EU it is crucial to understand the history of European integration This accessible overview differs from other studies in its focus on the major roles played by both the United States and European multinational corporations in the development of the European Union Chronologically written and drawing on new findings from two major archives the archives of the US State Department and Archive of European Integration this book sheds crucial new light on the integration process The History of European Integration offers a major contribution to our understanding of Europe's postwar history and will be essential reading for any student of postwar European History Contemporary History European Politics and European Studies

**Driving Digital Transformation** Benno Ndulu, Elizabeth Stuart, Stefan Dercon, Peter Knaack, 2023 This book explores seven developing countries use of technology to begin reforming the economy and government Foregrounding the voices of policymakers and participants it documents and critically assesses government efforts to kick start digital transformation and offers an exposition of the process of policymaking in the 2020s *Prospects in International Investment Law and Policy* Roberto Echandi, Pierre Sauvé, World Trade Institute (Bern, Switzerland), 2013-04-18 Addresses the most central debates in contemporary investment law and policy Primordial Modernism Cathryn Setz, 2019-08-05 Brings ideas and animals together to shed new light on modernist magazine culture Tests the concept of primordial modernism as a tributary of primitivism Jungian thought and fraught nationalisms Provides readings of Eugene Jolas's creative and critical works that place him centre stage in modernist studies Moves between unpublished archival material reception studies and readings of overlooked authors Considers a wide range of modernist authors and artists as befitting to such a rich document Touches on contemporary scientific discourse as an aspect of animal studies This adventurous study focuses on experimental animal writing in the major interwar journal transition 1927-1938 which contains a striking recurrence of metaphors around the most basic forms of life Amoebas fish lizards birds some of the lowest and oldest creatures on earth often emerge at the very places authors seek expressions for the newest and the highest in art Discussing works by James Joyce Henry Miller Gottfried Benn Eugene Jolas Kay Boyle Bryher Paul Irujo and more Cathryn Setz investigates this paradox and provides a new understanding of transition's contribution to twentieth century periodical culture Open Access Mickey Abel, 2011-12-08 Open Access Contextualizing the Archivolted Portals of Northern Spain and Western France within the Theology and Politics of Entry explores the history development and accrued connotations of a distinctive entry configuration comprised of a set of concentrically stepped archivolted portals surrounding a deliberate tympanum free portal opening These archivolted portals adorned many of the small rural ecclesiastical structures dotting the countryside of western France and northern Spain in the twelfth century Seeking to re contextualize this configuration within monastic meditational practices this book argues that the

ornamented archivolts were likely composed following medieval prescriptions for the rhetorical ornamentation of poetry and employed the techniques of mnemonic recollection and imaginative visualization. Read in this light it becomes clear that the architectural form underlying these semi circular configurations served to open the possibilities for meaning by making the sculptural imagery physically and philosophically accessible to both the monastic community and the lay parishioner. Pointing to an Iberian heritage in which both light and space had long been manipulated in the conveyance of theological and political ideologies, Abel suggests that the portal's architectural form grew out of a physical and social matrix characterized by pilgrimage, crusade and processions where the elements of motion integral to the Quadrivium sciences of Math, Geometry, Astronomy and Music were enhanced by a proximity to and cultural interaction with the Islamic courts of Spain. It was however within the politics of the Peace of God movement with its emphasis on relic processions that often encompassed all the parishes of the monastic domain that the archivolted portal with its elevated porch like space are shown to be the most effective.

**Order as Meaning** Isaac Gottlieb, 2023-12-31 Jewish Bible commentary in the Middle Ages took on two aspects: the Sephardic and the Ashkenazic. The first Spanish interpretation developed in a Muslim surrounding which appreciated secular studies, the sciences and Arabic literature, much of which it had translated from Greek. These studies made their mark on Bible exegesis which sought the simple straightforward sense, *peshat*, of a verse and its grammatical meaning. The Ashkenazic school, however situated in France and Germany, was firmly anchored in the rabbinic study hall and its exegesis was a continuation of the methods of Midrash and Aggadah as practiced in Mishnah and Talmud. In the beginning of the twelfth century, Ashkenazic commentary in northern France took on a new face. Contact with the outside world, including Christian scholarship and partial knowledge of general studies, brought the Ashkenazi Jewish commentators to the realization that the Bible, besides being a religious text, was also literature. As literature, many features including the order of biblical pericopes or units attracted attention. The classic commentators Rashi in France, Ibn Ezra in Toledo and Ramban Nahmanides in northern Spain all dealt with biblical order. Order as Meaning cites many cases of sequential arrangement and juxtaposition taken from the rabbinic period as well as from the above three commentators explaining what there was to learn from such a study.

**Toyin Falola and African Epistemologies** A. Bangura, 2015-02-11 While there are five important festschriften on Toyin Falola and his work, this book fulfills the need for a single authored volume that can be useful as a textbook. I develop clearly articulated rubrics and overarching concepts as the foundational basis for analyzing Falola's work.

*City, Citizen, Citizenship, 400-1500* Els Rose, Robert Flierman, Merel de Bruin-van de Beek, 2024-04-26 This open access book explores how medieval societies conversed about the city and citizen in texts, visual imagery and material culture. It adopts a long term interdisciplinary and cross cultural perspective, bringing together contributions on the early high and later Middle Ages, covering both the medieval East and West and representing a wide variety of disciplinary angles and sources. The volume is first and foremost about medieval perceptions and their articulation in text, image and material

form The principal focus is not on cities or citizenship per se but on those who used such concepts wrote about them and visualized and depicted them At the same time the book seeks to address why the city remained such a salient concept also in non urban contexts the periphery the desert the monastery and how medieval thinking on the ideal city and civic community could involve denunciation of the earthly city and its institutional trappings It thus pushes scholarly boundaries but also seeks to escape deeply entrenched notions of citizenship as either a form of political participation or legal status

**Global Appetites** Allison Carruth,2013-05-31 Global Appetites explores how industrial agriculture and countercultural food movements underpin US conceptions of global power in the century since the First World War Allison Carruth s study centers on what she terms the literature of food a body of work that comprises literary realism late modernism and magical realism along with culinary writing food memoir and advertising Through analysis of American texts ranging from Willa Cather s novel O Pioneers 1913 to Novella Carpenter s non fiction work Farm City 2009 Carruth argues that stories about how the United States cultivates distributes and consumes food imbue it with the power to transform social and ecological systems around the world Lively and accessible this interdisciplinary study will appeal to scholars of American literature and culture as well as those working in the fields of food studies food policy agriculture history social justice and the environmental humanities

**In Defiance of History** Victoria Leonard,2022-02-16 This volume offers a counterbalance to the dismissal that Orosius s Histories Against the Pagans has suffered in most recent criticism Orosius is traditionally considered to be a mediocre scholar and an essentially worthless historian This book takes his literary endeavour seriously recognizing the unique contribution the Histories made at a crucial moment of debate and uncertainty where the present was shaped by restructuring the past The significance of the Histories is recognised intrinsically rather than only in comparison with other texts and authors principally Augustine of Hippo Orosius s mentor The approach of the book is historiographical exploring the form purpose and meaning of the Histories The themes of divine providence monotheism and imperial authority are examined and the subjects of war and the sack of Rome receive extended analysis The book foregrounds Orosius s significant historiographical innovations that are seldom explored such as the subversion of imperial history within a Christian spectrum in the synchronization of the emperor Augustus and Christ Each chapter contributes to the progression of knowledge about Orosius s Histories and the wider literary and historiographical culture of disruption that characterised the late fourth and early fifth centuries CE
