Alexander Hamilton Ron Chernow,2005-03-29 The 1 New York Times bestseller and the inspiration for the hit Broadway musical Hamilton Pulitzer Prize winning author Ron Chernow presents a landmark biography of Alexander Hamilton the Founding Father who galvanized inspired scandalized and shaped the newborn nation Grand scale biography at its best thorough insightful consistently fair and superbly written A genuinely great book David McCullough A robust full length portrait in my view the best ever written of the most brilliant charismatic and dangerous founder of them all Joseph Ellis Few figures in American history have been more hotly debated or more grossly misunderstood than Alexander Hamilton Chernow s biography gives Hamilton his due and sets the record straight deftly illustrating that the political and economic greatness of today s America is the result of Hamilton s countless sacrifices to champion ideas that were often wildly disputed during his time To repudiate his legacy Chernow writes is in many ways to repudiate the modern world Chernow here recounts Hamilton s turbulent life an illegitimate largely self taught orphan from the Caribbean he came out of nowhere to take America by storm rising to become George Washington s aide de camp in the Continental Army coauthoring The Federalist Papers founding the Bank of New York leading the Federalist Party and becoming the first Treasury Secretary of the United States Historians have long told the story of America s birth as the triumph of Jefferson s democratic ideals over the aristocratic intentions of Hamilton Chernow presents an entirely different man whose legendary ambitions were motivated not merely by self interest but by passionate patriotism and a stubborn will to build the foundations of American prosperity and power His is a Hamilton far more human than we ve encountered before from his shame about his birth to his fiery aspirations from his intimate relationships with childhood friends to his titanic feuds with Jefferson Madison Adams Monroe and Burr and from his highly public affair with Maria Reynolds to his loving marriage to his loyal wife Eliza And never before has there been a more vivid account of Hamilton s famous and mysterious death in a duel with Aaron Burr in July of 1804 Chernow s biography is not just a portrait of Hamilton but the story of America s birth seen through its most central figure At a critical time to look back to our roots Alexander Hamilton will remind readers of the purpose of our institutions and our heritage as Americans 9780143034759 **James Madison** Lynne Cheney,2015-05-05 A major new biography of the fourth U S president from New York Times bestselling author Lynne Cheney James Madison was a true genius of the early republic the leader who did more than any other to create the nation we know today This majestic new biography tells his story Outwardly reserved Madison was the intellectual driving force behind the Constitution His visionary political philosophy eloquently presented in the Federalist Papers was a crucial factor behind the Constitution s ratification and his political savvy

was of major importance in getting the new government underway As secretary of state under Thomas Jefferson he managed the Louisiana Purchase doubling the size of the United States As president Madison led the country in its first war under the Constitution the War of 1812 Without precedent to guide him he would demonstrate that a republic could defend its honor and independence while remaining true to its young constitution

The Laws of the Commonwealth of Massachusetts, Passed from the Year 1780, to the End of the Year 1800, with the Constitutions of the United States of America, and of the Commonwealth, Prefixed ,1801 *Defining America'S Exceptionalism* Roger Anghis,2012-08-30 Many pastors I have spoken with have no problem with the so called separation of church and state and have even told me that it was in our Constitution Because we no longer teach our Constitution in our schools and we the pastors do not teach the importance of who we are and where we came from we have come to the point where we believe what we are told by academia concerning our Founding Fathers and the Constitution and have been led down a path of falsehoods and deception It has been long said that if we forget who we are and where we came from we will not know who we are or where we are going There are many forces out there determined to remove all vestiges of our religious history Our Founding Fathers knew that there was to be involvement by the church and allowed the influence of Christianity to be prevalent The only separation of church and state that the founders wanted was an institutional separation They designed our Constitution so that the government would have no say whatsoever in the exercise of religion by the people Todays government has turned that around 180 degrees and is now using what used to guarantee freedom of religion to the removal of religion from the public square Will we let it continue It is now the choice of We the People
