The Labour Party's Political Thought G. Foote,1997-05-11 This book provides a synoptic and accessible history of the development of political ideas within the Labour Party It traces the complex relationship between power and political thought and illustrates how Labour s political ideas have been shaped and formed by the Labour Party s political experience It presents labourism or trade union politics as a clear theory and stresses its importance in understanding the different phases in the party s history arguing that it constitutes the bedrock of the party s thought and that its crisis has caused the recent changes in party ideology Harold Wilson Andrew S. Crines,Kevin Hickson,2016-03-11 This year marks the centenary of Harold Wilson s birth the fiftieth anniversary of his most impressive general election victory and forty years since his dramatic resignation as Prime Minister He was one of the longest serving premiers of the twentieth century having won a staggering four general elections yet despite this monumental record his place in Labour s history remains somewhat ambiguous By the end of his two periods in power both the left and right of the party were highly critical of Wilson the former regarding him as a traitor to socialism the latter as contributing directly to British decline With contributions from leading experts in the fields of political study and from Wilson s own contemporaries this remarkable new study offers a timely and wide ranging reappraisal of one of the giants of twentieth century politics examining the context within which he operated his approach to leadership and responses to changing social and economic norms the successes and failure of his policies and how he was viewed by peers from across the political spectrum Finally it examines the overall impact of Harold Wilson on the development of British politics **The Gaitskellites** Stephen Haseler,1969-06-18 □□□□□□□□, □□□□□□□□ ,2007 *Folkräkningen den 31 december 1950* Sweden. Statistiska centralbyrån,1964 Aussenhandel Germany (West). Statistisches Bundesamt,1966 *Liberalism Divided* Michael Freeden,1986-02-13 Liberalism Divided is the first detailed study of British liberal thought in the interwar years The author reassesses progressive liberalism in light of the partial reaction against the state provoked by World War I The division of liberal thought into two streams left liberalism and centrist liberalism is explored and the changing political theories of major new liberals such as L T Hobhouse and J A Hobson

are contrasted with centrist liberal ideas The Labour Case Roy Jenkins, 1959 *A Life at the Centre* Roy Jenkins, 2006 In an engaging memoir one of Britain's most esteemed leaders brings to life the people and events of his time Offering priceless portraits of Wilson Thatcher Nixon the Kennedys and the Rockefellers and others Jenkins presents an entertaining autobiography sure to be must reading for history buffs and followers of world politics
