**Drawing the Curtain** Esther Fernández, Adrienne L. Martin, 2022-11-01 Miguel de Cervantes s experimentation with theatricality is frequently tied to the notion of revelation and disclosure of hidden truths Drawing the Curtain showcases the elements of theatricality that characterize Cervantes s prose and analyses the ways in which he uses theatricality in his own literary production Bringing together the works of well known scholars who draw from a variety of disciplines and theoretical approaches this collection demonstrates how Cervantes exploits revelation and disclosure to create dynamic dramatic moments that surprise and engage observers and readers Hewing closely to Peter Brook s notion of the bare or empty stage Esther Fernández and Adrienne L Martin argue that Cervantes s omnipresent concern with theatricality manifests not only in his drama but also in the myriad metatheatrical instances dispersed throughout his prose works In doing so Drawing the Curtain sheds light on the ways in which Cervantes forces his readers to engage with themes that are central to his life and works including love freedom truth confinement and otherness
