WHY CASTRATION WON T WORK Many times you will hear people say Why don t we just castrate all the sex offenders That will do the job But in fact it won t for some very simple reasons First long term studies have already shown that in spite of all the media hype most convicted sex offenders up to 75% of them do not re offend Hanson 1999 To castrate them is a waste of time Secondly most children are not molested by them Most children are molested by someone they know and trust like a friendly neighbor down the street or a school teacher volunteer in some youth group or at the church Often unfortunately by a relative in the family be that an older brother cousin an inlaw or step parent Because none of them have been caught we don t call them sex offenders and as a result castrating all the sex offenders won t get them They will still be left just as free as before There is a better answer Records now show that when convicted sex offenders are given exactly the kind of treatment and counseling in that is described in this book re offense rates are cut by 60% Alexander 1999 It is not terribly complicated It isn t just a lot of theories It is just simple blunt honesty making men face the reality of what they are doing and how it is also wrecking their own lives then training them in the steps it takes to stop doing so That is what does it right there Here is the book that tells it all In ten chapters I relate how it happened that I became a child molester and got over it That was almost 20 years ago now and I remain re offense free with no further convictions or arrests The lessons from it that you can use to protect your children are given at the end of each chapter If you follow them your child will be safer than ever before Steps that sex offenders can take to earn their way back into the community and a prescription for the healing of America conclude the work The readers resources section includes a listing of further books journals websites referral agencies and self recovery organizations that may also be of use to those who want more information Fully indexed the book will be a useful guide in all future child sex abuse trials If you have any questions write me at jake goldenflame gmail com *Federal Register* ,1943-04 **Statistical Bulletin - Securities and Exchange Commission** United States.
