The Iroquois and the New Deal Laurence M. Hauptman, 1988-03-01 The New Deal era changed Iroquois Indian existence The time between the world wars proved a watershed in the history of Indian white relations during which some of the most far reaching legislation in Indian history was passed including the Indian Reorganization Act Until recently scholars have acclaimed the 1930s as a model of Indian administration praising the work of John Collier then commissioner of Indian affairs Among the Indians however a less than beneficial heritage remains from this era To many of today's Native Americans these were years of increased discord and factionalism marked by non Indian tampering with existing tribal political systems Whenever the government directly intervened in Iroquois tribal affairs or arbitrarily imposed uniform legislation from distant Washington the Indians New Deal suffered It succeeded only when the government worked slowly to cultivate the backing of prominent leaders and achieved community based support Nonetheless government programs stimulated a flowering of Iroquois culture both in art and in language and new Indian leadership emerged as a result of or in reaction to government policies Laurence Hauptman argues that overall the work of the New Deal in Iroquois should be seen as having done more good than harm Sessional Papers Ontario.
