disorders have become an all too common occurrence There are millions of people throughout the world suffering from this disorder Bipolar disorder also known as manic depressive illness is a brain disorder that causes unusual shifts in a person s mood energy and ability to function Different from the normal ups and downs the symptoms of bipolar disorder are severe They can result in damaged relationships poor job or school performance and even suicide The primary psychological factor implicated in the manifestation of bipolar disorder is stressful life events These can range from a death in the family to the loss of a job from the birth of a child to a move Once the disorder is triggered and progresses it seems to develop a life of its own State of the art analyses are presented in this new and significant book The two poles of bipolar disorder are mania and depression Manual of Clinical Psychopharmacology Alan F. Schatzberg M.D.,Charles DeBattista D.M.H. M.D.,2015-04-28 For nearly 30 years the Manual of Clinical Psychopharmacology has been the preeminent volume on psychotropic medications and the go to source for psychiatrists prescribing for their patients and students in psychiatry and pharmacology This new eighth edition has been thoroughly updated in recognition of the relentless developments in the field including the release of new U S Food and Drug Administration approved drugs newly approved uses for existing drugs and newly identified interactions dosing guidelines and documented side effects As with previous iterations this edition is logically structured and highly readable However the ever expanding number of available agents and indications mandated the condensing of some sections and the elimination of others to keep the book from becoming too large to be user friendly The resulting volume is DSM 5 compatible easy to use and practical with summary tables for quick reference The pace and complexity of research in this critical discipline make it essential that clinicians stay abreast of both new medications and promising treatment protocols The Manual of Clinical Psychopharmacology delivers authoritative information in a friendly collegial style maintaining the level of excellence readers have come to expect **Message of the President of the United States Transmitting the Budget** United States,United States.
